

City Gets \$17 Million For Community Development

How Do You Want This Money Spent?

- * Community Development money is federal government money that comes into cities each year.
- * Each year Newark is required to hold "community hearings" to get suggestions on how CDA money should be spent.
- * As citizens we have a right to determine how Community Development money should be spent. Some suggestions so far:
 - 1) improving storm sewers
 - 2) reimbursements for home improvements (now only half of Ironbound is included)
 - 3) park maintenance
 - 4) enforcing air and noise pollution standards
 - 5) improving health services

Other possibilities include adequate and safe housing, abandoned buildings, payments to families forced to move due to city redevelopment.

***PLEASE COME TO DISCUSS THESE ISSUES THAT WILL AFFECT YOUR LIFE!

Date: Wed. Oct. 25

7:00p.m.

Place: O Campino

Jabez St. & New York Ave.
